U.S. EXPORT SALES

- Outstanding Export Sales
(Unshipped Balances)
On April 25, 1976
 - Export shipments in
Current Marketing Year
 - Daily Sales reported
April 26 - May 4, 1976
- As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

SOVIET GRAIN PURCHASES: Since April 25, several large new purchases of U.S. grain by the USSR have been announced. In the first transactions between U.S. exporters and the USSR since early last November, the USDA announced grain sales to the USSR totaling 4.9 million metric tons (MT). The new sales include (a) 2.7 million MT of corn for delivery before September 30, 1976, (b) 1.65 million MT of corn for delivery after October 1, 1976, and (c) 550,000 MT of wheat for delivery after October 1, 1976. The 2.7 million MT of corn brings the total quantity of U.S. grain sold to the USSR from current season's supplies to 16.5 million MT, including 12.1 million MT of feedgrains (virtually all corn) and 4.4 million MT of wheat. The new sales for 1976/77 shipment are the first reported Soviet purchases of U.S. grain for shipment during the period covered under the long-term grain supply agreement concluded between the U.S. and the USSR last October 20.

EXPORT SALES REPORT

Comments on release of May 6, 1976 (based on reports from exporters during the week ending April 25, unless otherwise noted):

Wheat: The apparent export commitment (cumulative exports plus outstanding sales) for 1975/76 advanced by 376,800 MT, the largest weekly increase since the week ending March 7, 1976. The total commitment for the year now stands at 30.4 million MT, compared with 29.9 million MT for the comparable period last year. Commitments to the Republic of Korea (ROK) increased by 113,400 MT as a result of new sales. Commitments to the ROK now total 1.4 million MT, compared with 1.9 million MT for the corresponding period a year ago. Some of the other increases in commitments resulting from new sales were to Japan, 94,300 MT; Portugal, 50,000 MT; and Brazil, 45,700 MT. These increases were somewhat offset by a decline in commitments to East Germany of 23,000 MT. In the past five weeks, total commitments to East Germany have fallen from 1.2 million MT to 868,800 MT.

Outstanding sales of wheat for shipment during the year beginning July 1, 1976, rose by 67,900 MT; largely reflecting increases in sales to unknown destinations. Outstanding sales for 1976/77 now total 2.0 million MT compared with 3.8 million MT for the corresponding period a year ago.

Feedgrains: The apparent export commitment for feedgrains for 1975/76 rose by 1.1 million MT, bringing the total for the year to 37.7 million MT. Corn commitments advanced by 1.0 million MT, of which 256,200 MT were increased commitments to the USSR (reflecting mostly transfers from optional origin rather than new purchases by USSR authorities). Commitments to the European Community (EC) advanced by 234,800 MT, over one-half of which was accounted for by new sales to West Germany and Italy. New sales were largely responsible for increases in corn commitments to Japan, 153,100 MT; Peru, 50,000 MT; and unknown destinations, 222,200 MT. Commitments to Japan now total 4.9 million MT, compared with 5.9 million MT for the comparable period last year.

Outstanding sales of corn for 1976/77 shipment increased by 189,400 MT, bringing total sales to date to 2.0 million MT. Sales to unknown destinations accounted for over 90 percent of the increase.

Rice: The apparent export commitment for 1975/76 advanced by 70,900 MT, the largest weekly increase since the week ending March 14, 1976. Sales under PL-480 to Portugal accounted for about 80 percent of this week's increase. Rice commitments for the year now stand at 1.4 million MT, compared with 2.0 million MT for the comparable period last year.

Soybeans: The apparent export commitment for 1975/76 rose by 218,900 MT, primarily reflecting increased commitments to the EC, Japan, and the ROK. Exports during the week totaled 225,800 MT, including shipments to the EC, 118,700 MT; Japan, 29,400 MT; Israel, 29,400 MT; Spain, 21,700 MT; and Peru, 15,800 MT.

Soybean Oilcake and Meal: The apparent export commitment for 1975/76 increased by 145,500 MT, primarily reflecting larger commitments to the Netherlands, Yugoslavia, Spain, West Germany, Iran, and Italy. Exports during the week totaled 142,700 MT, primarily to Yugoslavia, 27,000 MT; West Germany, 25,400 MT; Spain, 24,200 MT; Czechoslovakia, 20,000 MT; East Germany, 15,000 MT; and the Netherlands, 12,200 MT.

World exports of peanuts and meal, meal basis, are expected to climb to 1.86 million tons in 1976 compared with an estimated trade volume of 1.53 million tons in 1975. The forecast primarily reflects increased exportable supplies of peanut meal in India, Senegal, Argentina, and Brazil.

Cotton: A tighter supply situation became more evident with release of the U.S. prospective plantings report on April 15. Prices for U.S. and foreign growths firmed while demand remained slack during the week. U.S. Upland cotton export sales increased by 28,000 running bales (RB) for the current marketing year and 11,000 RB for 1976/77 shipment. Major buyers were Japan, the Republic of China, and ROK. American Pima sales were 200 bales to Italy.

1/ Data by class does not add to All Rice Cwt. total due to rounding.

Data may not add due to rounding.

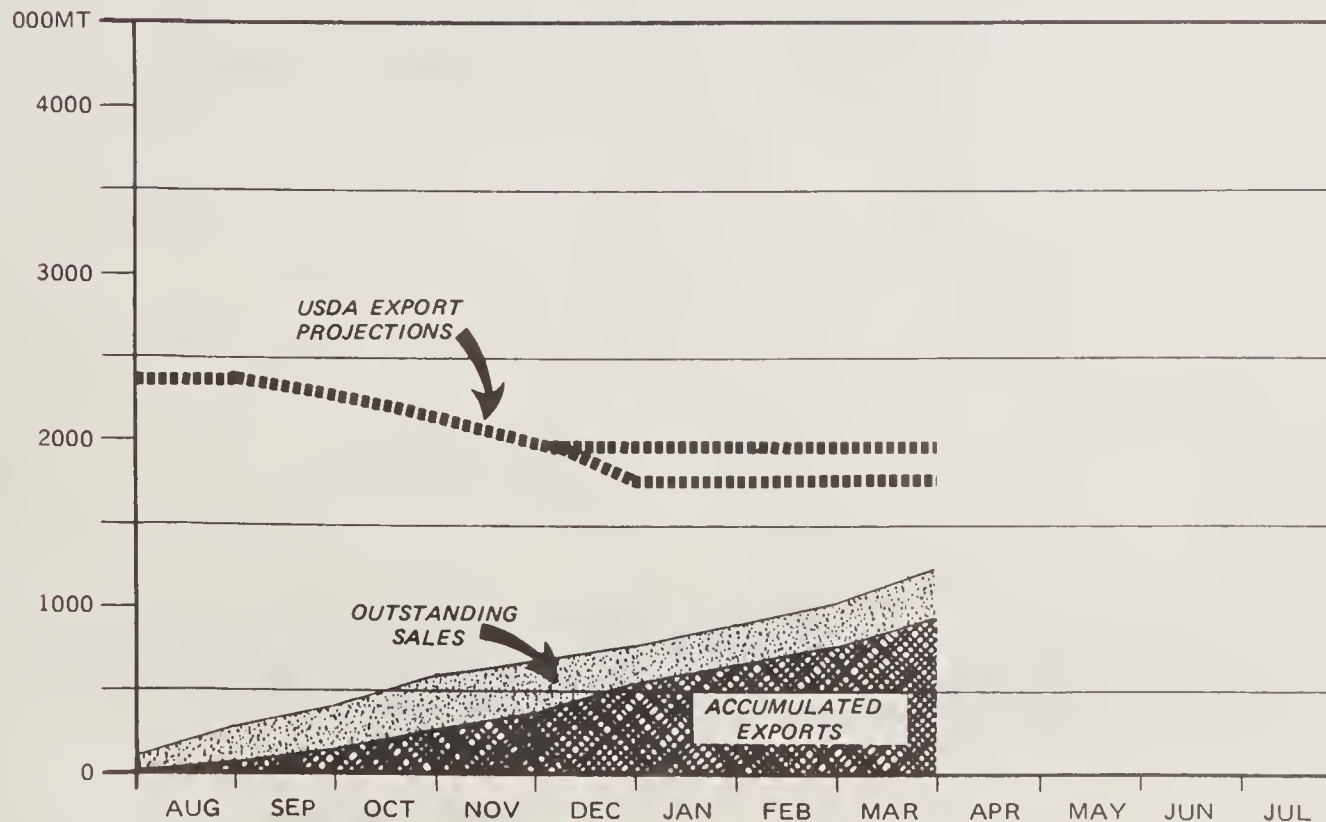

Total rice exports for MY 1975/76 as of April 25, 1976, fell below a year ago by 42 percent. Good growing conditions and large harvests of rice in most parts of the world in 1975/76 has placed pressure on world prices, thereby making it difficult to sell rice at prices commensurate with the cost of production.

Thus far in MY 1975/76 over half of the long grain brown rice exported went to the Economic Community with the Netherlands and West Germany as the largest recipients. Medium, short and mixed rice exports went mainly to South Korea and Italy. Of the 377 thousand MT of long grain milled rice shipped so far this marketing year, Iran received 35 percent and Saudi Arabia 22 percent. The largest importer of short, medium and mixed rice was Bangladesh at 71 percent, followed by the USSR at 22 percent.
